

Mirapoint in the Enterprise

A Proven Approach to a Secure Infrastructure

"WE PREVIOUSLY UTILIZED A COMBINATION OF FREE-MAIL, ISP HOSTING AND EXCHANGE SERVERS AS OUR IN-HOUSE SOLUTION, BUT FOUND MIRAPOINT'S DEDICATED EMAIL SERVERS TO BE MORE COST-EFFECTIVE BY A THREE-TO-ONE MARGIN." ILLINOIS TOOL WORKS

CUSTOMERS | ENTERPRISE

"During our evaluation of alternatives, we looked at a number of options and Mirapoint was the only one that provided an optimized, secure, high-availability solution that was cost-effective, easy to deploy and easy to manage."

> ALEX LEE

"By selecting Mirapoint we get a complete, end-to-end email and security solution that includes key features for desktop email, group calendaring, Outlook synchronization, as well as integrated spam and virus filtering that are critical to our business."

> MOLLIE STONE'S MARKETS

"We standardized on the Mirapoint Message Server because it was the only solution that provides the right combination of proven low cost of ownership, simplicity of management, and key enterprise capabilities like feature-rich web-based email and calendaring plus integrated security protection."

> HUMANE SOCIETY SILICON VALLEY

"System administration usually takes approximately one to two hours per week, and overall, the reliability has been exceptional. We are very satisfied with our decision to implement Mirapoint."

> HASSETT AIR

"Our Mirapoint solution is always working, always up and running and we save a tremendous amount of time not having to deal with spam and viruses."

> THE TORO COMPANY

Top Ten Reasons Customers Select Mirapoint

With more than 115 million mailboxes served and secured worldwide, Mirapoint is the market leader in appliance-based solutions for secure message networks in Fortune 500 enterprises, service providers and educational organizations. Here's why:

- 1** **FAST DEPLOYMENT**
Unique appliances with fully integrated hardware and software, can be deployed in minutes.
- 2** **HIGHLY RELIABLE**
Purpose-built appliances provide 99.999% uptime reliability with exceptionally high performance.
- 3** **SPAM AND VIRUS PROTECTION**
Integrated multi-layered approach to email security starts with blocking spam and viruses at the edge of the network before network resources are used, with MailHurdle, a unique connection management technology. In combination with RAPID Anti-Spam and Anti-Virus technology, overall catch-rates of 98% are achieved with virtually zero false positives.
- 4** **STANDARDS-BASED ARCHITECTURE**
Works with major email clients (Outlook, Eudora, Netscape, etc), legacy email applications, directory servers and storage options.
- 5** **EASY MANAGEMENT AND ADMINISTRATION**
Simplified administration and queue management tools speed deployment and reduce ongoing costs.
- 6** **INDUSTRY'S LOWEST TCO**
The Message Server offers 3-5x lower TCO than any application-based messaging product. This translates to huge cost savings in administration, management, and addition of new users.
- 7** **FEATURE-RICH MESSAGING SYSTEM**
The Message Server offers rich mail, calendaring, group scheduling, and address book features. Mirapoint's web-based Corporate Edition client delivers enterprise class messaging without the need to download a client on the user's PC. It also offers support for other mobile client devices.
- 8** **HARDENED OPERATING SYSTEM**
The hardened OS is optimized for performance and reliability. With no known exploits, it provides maximum security.
- 9** **CLASS OF SERVICE CONTROLS**
These controls allow administrators to quickly and easily define what specific services are provided to individual users and domains. The administrator can easily configure different features for different types of users.
- 10** **ROBUST CONTENT FILTERING AND POLICY MANAGEMENT**
Mirapoint's RazorGate provides flexible content filtering for inbound and outbound message traffic, as well as enforcement of corporate policies.

ABOUT MIRAPOINT
